an **AIA** Knowledge Community

Mission:

The **AIA Academy of Architecture for Health** **provides knowledge** which supports the design of healthy environments by creating **education and networking opportunities** for members of – and those touched by – the healthcare architectural profession.

Vision:

Together, we will improve the world by serving as the **authoritative voice** for the design of healthy environments, leading the way to effective future practice, and advocating with those who share our goals.

Academy Update: March 2018

Editor's corner

by Kimberly Montague, AIA, EDAC, LEED AP

Welcome to 2018 and this first edition of the Academy Update Newsletter! The Communications Committee has been hard at work planning for this year's social media, quarterly updates and other activities. Our board liaison, and new member of the AAH Board, is J. Todd Robinson; welcome Todd! The entire committee looks forward to your leadership and partnership to bring relevant, timely and valuable information to our members.

President's letter

by Vincent Della Donna, AIA, ACHA

I am honored to serve as your 2018 President. Many thanks to the work accomplished by our board and past presidents Joan Suchomel and Tom Clark. My goal is to ensure strategy is maintained and administered, and our mission...*to provide knowledge which supports healthy environments through education and networking...and vision...serving as the authoritative voice for the design of healthy environments...are realized.*

Board Certification

The American College of Healthcare Architects was created in 1999 to offer Board Certification to licensed healthcare Architects through an independent process involving a portfolio review, an assessment by peer Architects, and a rigorous examination. It is the first and only design specialty so recognized by the AIA.
